### **Award of Merit Nominations - 2019**

The Federation of Chinese Canadian Professionals (Ontario) Education Foundation is seeking nominations for the Award of Merit for 2019. This award has been given annually by the Education Foundation since 1985 to recognize the outstanding professional achievements of distinguished Chinese-Canadians. Of note, the Award of Merit is intended for and has traditionally been bestowed upon senior academics who have made significant contributions to their field of scholarly work.

Each nomination should be sponsored by two nominators by letter. In addition to the curriculum vitae, the nominee **should provide a lay summary** (no more than two pages) highlighting the novelty, innovation, conceptual advance, impact, and significance of his/her works. Please submit the completed nomination packages to my attention by attachment to my email at [rtsao@epsteincole.com](mailto:rtsao@epsteincole.com) by July 31, 2019.

The Award of Merit winner will be selected by an expert panel and the winner will be invited to present his/her work in the FCCP Annual conference to be held in the fall of 2019 or early 2020. Below is a list of previous recipients of the Award. If you have any questions, please do not hesitate to email Dr. Peter P. Li at [peter.li@utoronto.ca](mailto:peter.li@utoronto.ca).
